

FES FINANCE UPDATE

Donation/Income: Jan–Nov 2021 (in \$K)

Budget

\$1,564

Actual

\$1,296

\$268

Donation/ Income*	Jan–Nov 2021 (in \$K)
Actual	\$ 1,296
Target	\$ 1,564
Gap	-\$ 268

Up till November 2021, there is a \$268K difference between the budgeted income and the actual donations received for the year. This current deficit could be explained by the Covid-19 economic situation that is affecting all of us. Also, donors tend to wait and give more only at the end of the year. We have already reduced our expected income for 2021 but I am hoping that we can reduce this difference by the end of the year.

I thank you for being a donor and supporter of FES and student ministry. Your support has been critical in maintaining the witness of Christ on the campuses across Singapore. I pray for a greater sense of partnership, especially in preparation for new opportunities and re-openings in 2022.

FES General Secretary
